

THE WORLDS ONLY COLLAPSIBLE FIFTH WHEEL PIN PULLERS!

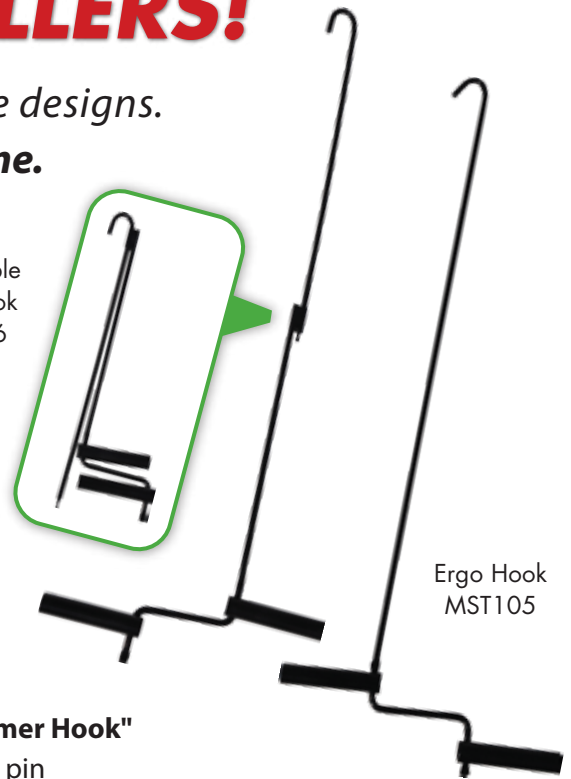

*Introducing new pin pullers with three collapsible designs.
 Ms. Carita SafeTruck has a pin puller for everyone.*

The newly designed **MST106 "Ergo Hook"** helps to reduce the risk of injuries by evenly distributing the force needed from just the shoulder to the entire trunk of the body. At 39.5" fully extended, this hook allows for easy access without having to duck under the trailer and be exposed to grease and dirt.

The **MST106** also collapses down to 21.5" for easy storage and convince.
